- **Student DROP OFF is between 8:50am and 9:05am.** YouTheatre staff will not be responsible for students dropped off before 8:50am.
- **Student PICK UP is at 3:00pm.** We ask that you respect the time of our staff, and we reserve the right to bill you \$1/minute that a staff member needs to wait with your student after 3:10pm.
- Please strive to have your student attend on time EVERY DAY so they, and their classmates, are well prepared for their moment in the spotlight!

Dress Code

Students are required to wear a YouTheatre t-shirt to each day of camp. One (1) official Egyptian YouTheatre Summer 2019 t-shirt will be provided, based on the requested size given at registration, on the first day of camp. Previous years' t-shirts may also be worn- we will have some for sale in the office for \$5.

Students should wear clothing that they can easily move in and must wear CLOSED TOE shoes. No flip-flops!

We suggest students bring a bag or backpack and sunscreen and/or a hat as film students may spend days outside "on location" away from Miners Hospital.

Behavior Policy

The Egyptian YouTheatre runs on a 3 strike behavior policy for students. The student is first given a verbal warning to change the inappropriate behavior. Three (3) strikes are given after the initial warning, with a third resulting in dismissal from the program.

Lunch/Snack

Please send your student with a water bottle (labeled with their name) and a sack lunch. We DO NOT have a refrigerator or microwave available for student lunches.

Showcase

Showcase is the last day of camp, June 14, at The Egyptian Theatre @ 1:00. Doors will open to the audience ten minutes prior to start of showcase. The showcase will include performances by our Theatre Bugs Camp & Act Out! Camp. We encourage all students and audience stay for the full showcase to support their peers and maybe even spark a new interest!

*Film camp students are welcome to arrive at the normal camp time of 9am on Fridays.

However, they are not required to be at the theatre until NOON for their pre-screening.
